

Hanmaru Two Factor authentication(2FA) Guide

Hanmaru Operation Teams
2022.10.24

Setting up Hanmaru 2FA

With the implementation of a stronger Hanmaru security policy, you can use Hanmaru after additional OTP authentication when logging in.

However, when logging in from the company network, you can only use the ID/Password as before.

[Login Hanmaru]

[Hanmaru 2FA Screen]

한마루 2차 인증 설정 가이드 (Hanmaru Secondary Authentication Guide)

Hanmaru

보다 강화된 한마루 보안 정책 시행으로 사외 로그인 시 추가 OTP 인증 후 한마루를 이용하실 수 있습니다.

With the implementation of a stronger Hanmaru security policy, you can use Hanmaru after additional OTP authentication when logging in. 단, 사내 로그인 시 기존 방식과 동일하게 아이디/비밀번호 인증만으로 사용이 가능합니다

When logging in from the company network, it can be used only with ID/password authentication as before

이름(아이디) Name(ID)	술술빈(seungbin.song)
사용자 IP User IP	10.20.11.27

인증 활성화 Enable Authentication	

Setting up Hanmaru 2FA

Please install the app on your mobile.

- Android : Play Store > Google OTP
- IOS : App Store > Google OTP

When you scan the QR code in the Google OTP app, a HANMARU (User Account) authentication key is generated.

Install the Google-OTP APP

Google OTP > "+" >
Scan a barcode

Google-OTP HANMARU

Setting up Hanmaru 2FA

It is moved to the 2FA Screen every time you log in outside.

[Login Hanmaru]

[Hanmaru 2FA Screen]

Please enter a 6-digit Google-OTP's Hanmaru(My account) number.

Setting up Hanmaru 2FA

Please enter a 6-digit Google-OTP's Hanmaru(My account) number in Hanmaru 2FA Screen.

Google OTP initialization can be done from the "Initialize 2FA" menu

The image shows two screenshots related to Hanmaru 2FA. The left screenshot is the Hanmaru 2FA authentication screen. It features the title "한마루 2차 인증 (Hanmaru Secondary Authentication)" and instructions in Korean and English. A red box highlights the "Authenticator code" input field containing "537271". A blue box highlights the "Submit" button. A blue box highlights the "한마루 2차 인증 초기화 화면 (Initialize secondary authentication)" link, with a blue circle containing the number "2". Below the link are links for "문의사항(Question)", "매뉴얼(Manual)", and "문의처(Contact)". A blue box at the bottom of the screenshot contains the text: "If there is a Google OTP authentication error, please go to the reset screen." The right screenshot is the Google-OTP app interface, showing the account name "HANMARU (seungbin.song)" and the current 6-digit code "537 271". A blue box at the bottom of the screenshot is labeled "Google-OTP".

한마루 2차 인증 (Hanmaru Secondary Authentication)
귀하의 로그인은 인증 앱으로 보호됩니다. 아래에 6자리 인증 코드를 입력하십시오.
Your login is protected with an authenticator app. Enter your 6 digit authenticator code below.

Authenticator code
537271

Submit
